Unverified AI draft. Every fact must be checked against the records before use. It is not legal advice. Fill in every [ADD: …] placeholder, set the demand amount, confirm anything marked [VERIFY], and delete this box before sending.

- 1 citation could not be confirmed against the uploaded files (wrong page, or an amount or date not found on that page). It is marked [VERIFY: citation not confirmed].
- Headcount conflict: the company spokesperson said "approximately 140 employees" [news_and_headcount.pdf p.1], while the January 31, 2026 headcount report totals 145 (128 + 11 + 6) [news_and_headcount.pdf p.1]. Both figures are in the letter. Confirm which to rely on.
- Only Ms. Vega's records were provided. The names, positions, pay and benefits records of the other 11 clients are missing ("list to follow" per firm notes), so the letter has placeholders for them.
- The back pay period and the calculation are left as placeholders because the letter does not state a notice period. The table lists per-week and per-month amounts as read. The overtime figure comes from one pay statement (week of January 25 to 31, 2026), so confirm whether overtime was regular before relying on it.
- Replacement coverage premiums total $2,976.00 ($1,488.00 for March 2026 plus $1,488.00 for April 2026). This is my addition as read from the receipt and must be checked. Confirm whether these premiums are claimed as a loss.
- Ms. Vega's note says she started a new job at $21.50 per hour on April 20, 2026 [pay_and_benefits_records.pdf p.1]. It is not in the letter. Decide whether and how to address interim earnings.
- Ridgewell's corporate address was not provided. The only address in the records is the Thornbury Plant, 900 Millrace Road, Thornbury, Maine [closure_notice.pdf p.1]. The letter date, delivery method, firm address, response deadline and demand amount are placeholders.
- Marked [VERIFY]: whether the federal WARN Act and any Maine mass layoff notice law apply, including coverage, notice period and exceptions. The letter states no threshold, period or penalty.
- Ms. Vega's account of what she was told is her unsworn statement. The spokesperson's statements come from a newspaper article. The Easton Hollow plant reference also comes only from that article.

Re: Demand for back pay and benefits, closing of the Thornbury Plant on February 6, 2026; our clients Marisol Vega and 11 other former employees; our file no. [ADD: file number]

Dear Mr. Pell:

Introduction

This firm represents Marisol Vega and 11 other former employees of the Ridgewell Packaging Corp. ("Ridgewell") Thornbury Plant, 900 Millrace Road, Thornbury, Maine [firm notes; closure_notice.pdf p.1]. The names of the other clients are: [ADD: names of the other 11 clients]. Ms. Vega worked at the plant as a Machine Operator III [closure_notice.pdf p.1]. Our clients seek back pay and benefits for the period during which they should have had advance notice of the plant's closing [firm notes]. Please direct all further communication about this matter to me.

The layoff or closing

On February 6, 2026, at 2:30 p.m., you issued a memo to all Thornbury Plant employees stating that, effective at the end of that day's first shift, Ridgewell was permanently closing the Thornbury Plant, that all employees at the plant would be separated from employment effective that day, and that second and third shifts should not report [closure_notice.pdf p.1]. The memo gave the reason as the non-renewal of the company's main customer contract [closure_notice.pdf p.1].

Ridgewell's own headcount report dated January 31, 2026 shows 145 employees at the Thornbury Plant: 128 full-time hourly, 11 full-time salaried and 6 part-time [news_and_headcount.pdf p.1]. A company spokesperson, Kara Linwood, confirmed to The Thornbury Ledger that "approximately 140 employees" at the plant were affected [news_and_headcount.pdf p.1]. The same article reports that Ridgewell also operates a plant in Easton Hollow, which remains open [news_and_headcount.pdf p.1].

Ms. Vega received a termination letter dated February 6, 2026, signed by Denise Morrow, Human Resources Manager. It states that her employment ended effective February 6, 2026 because of the permanent closure, and that her group health coverage would end on February 28, 2026 [closure_notice.pdf p.1].

Notice given

The records show no written notice to employees before February 6, 2026. Ms. Vega states that she received no letter or notice before that date, that the first she heard of the closing was the memo posted at the time clock that afternoon, and that supervisors had told employees that morning to expect a normal week [closure_notice.pdf p.1]. The chronology the records show is:
